KEY STANDARD EQUIPMENT

- Patented Vectorflo® semi-displacement hull provides a dry, stable and comfortable ride
- Our Unibody Construction® fuses the hull and deck to maximize hull rigidity and strength for the life of your World Cat
- Ten-year limited, transferable, structural hull warranty
- Full 316 stainless steel hardware package provides a lifetime warranty against structural corrosion for years of carefree use
- 100% composite construction creates a solid, durable, rot-free platform for serious offshore performance
- Independent propulsion, fuel, and electrical systems for the added security that you will be able to return home safely on one engine
- Non-corrosive, polyethylene fuel tanks, which will not rust or corrode in the harsh salt-water environment
- Large diameter PVC rigging tubes provide ample room for the rigging of electronics, while providing excellent chafe protection for the electrical systems
- Self-bailing cockpits with a minimum of four (4) oversized drains utilizing gravity to quickly drain your deck
- Minimum of two (2) 1500-gph bilge pumps with automatic float switches quickly evacuate the hull to keep you safe and your hull dry in almost any situation
- 100% composite transom reinforced with aluminum backing plates to hold up the stresses of high-horsepower engines
- Break-away dive ladder for easy transom entry is standard on all models for added safety and convenience
- Water-resistant bilge hatches with compression gaskets in motor-wells to provide bilge pump access and serviceability
- Livewells and fishboxes are double insulated with composite coring and urethane foam for consistent temperature control
- Molded-in diamond pattern non-skid on all walking surfaces provide enough grab for safety without hurting your feet
- Toe-rails to increase cockpit floor-space and fishability while improving comfort and safety (not available on the 270SD)
- All cleats and rod-holders are through-bolted with backing plates for heavy-duty marine use
- Premium marine grade vinyl and foam used on all upholstery to provide years of good looks and easy care
- Bow Anchor locker for convenient storage of chain and rode
- LED cockpit and navigational lighting for years of trouble-free boating
- Heavy-duty wiring systems meet or exceed all NMMA requirements and include tinned copper wiring, Deutsch® sealed connectors, and wires labeled every three inches
- Hydraulic steering system with tilt-helm, dual steering cylinders, and a liquid tie-bar
- All World Cats are NMMA certified following ABYC standards while all models over 26 feet are Yacht Certified for added safety
- Battery management system monitors and charges all three (3) battery banks while allowing for emergency paralleling for increased safety.
- All World Cat helms are ergonomically designed using our CAD system to provide comfortable placement of controls, gauges, and electronics while assuring excellent bow visibility per ABYC guidelines. As the skipper of your new World Cat. you'll find its helm to be simple, safe, and fun!
- Stainless steel cup holders
- Minimum of two (2) twist lock 12V DC plugs in the cockpit for downriggers, electric reels, kites, or drink blender (TE's include four)
- Eight (8) stainless steel recessed cleats provide maximum holding power and minimum interference with fishing lines
- All wires are labeled every 3 inches for ease of maintenance and serviceability
- Full upholstery kit includes aft coaming pads on all boats and forward coaming pads on center consoles
- Customer care package including Coast Guard kit, four (4) fenders, six (6) dock lines, and batteries
- Chrome-plated, epoxy-coated stainless steel fasteners throughout for long-term performance and appearance
- Raw and fresh water systems
- Only catamaran builder to achieve four (4) straight Marine Industry CSI Awards for fiberglass outboard boats from 2004 to 2007
